I Wish I Had An Evil Twin

I Wish I Had An Evil Twin
By The Magnetic Fields

Tabbed by Brandon Hogstad (bhogstad@berkeley.edu)

```
---------------------------------|
---------------------------------|slide back and forth several times}
-10--12-----14/-15\-14/-15-------|
-10--12-----14/-15\-14/-14-------|
--8--10-----12/-13\-12/-15-------|
---------------------------------|
```

```
-------------------------------------------------------------|
------------{slide back and forth several times}-----------|
-10-10-x-10-x---12-12-x-12-x--15\-14/-15\-14/--------------|
-10-10-x-10-x---12-12-x-12-x--15\-14/-15\-14/--------------|
--8--8-x--8-x---10-10-x-10-x--13\-12/-13\-12/--------------|
-------------------------------------------------------------|
  I wish I   had and evil  twin....
```

This pattern repeats throughout the song, with the sliding bit changing slightly.

Sometimes the sliding part goes like this:

```
--------------------------|
--------------------------|
14/-15\-14---14/-15\-14----|
14/-15\-14---14/-15\-14----|
12/-13\-12---14/-15\-14----|
--------------------------|
```

Now just get those fingers nice and calloused, because all that sliding blisters like a mother!

-Brandon

/ slide up
\ slide down
