Walking on a Wire, Richard Thompson, from "Shoot Out the lights"

```
3--3--2--0----3---|       Dsus4  Cadd9
3--3-------3--3---|
0--0----------0---|
0-----------------|
2-----------------|
3-----------------|
```

```
  G                D          Em
I hand you my ball and chain
             G                D            C
You just hand me that Same old refrain
      G
I'm walking on a wire
      D
I'm walking on a wire
             Am       G Dsus4       Cadd9
And I'm falling---

I wish I could please you tonight
But my medicine just won't come right
I'm walking on a wire
I'm walking on a wire
             Am       G
And I'm falling---

D              A
Too many steps to take
C#m          Abm
Too many spells to break
Bm           C#                    F#m
Too many nights awake and no one else
D                      A
This grindstone's wearing me
C#m                Abm
Your claws are tearing me
C#m              B
Don't use me endlessly
```

A Em Bm D A
It's too long, Too long to myself

Where's the justice, and where's the sense
When all the pain's on my side of the fence
I'm walking on a wire
I'm walking on a wire
And I'm falling---
