New York New York

New York, New York - Ryan Adams

Capo 2nd Fret

I saw this tab and played it but something didn't quite sound right.
Although I've only been playing a year I eventually realized that the
C G
Chord in some instances should have a base. I've changed the
offending Chords and marked them as C/G which should be played as
follows; 3X2013. To play this accurately at pace I found you must hold
down the G chord using your pinky so that the change between the G
and C/G chords are a lot easier. The intro and the bridge between the
chorus and the verses were also slightly out too as the C/G chord
should be utilized here as follows;

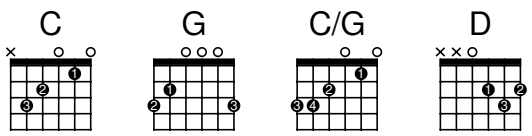

Intro/Bridge; | G G C/G C/G | C/G C/G G G | G G C/G C/G | C/G C/G G G |

G C/G
Well I shuffled through the city on the Fourth of July
G
Had a firecracker waiting to blow
G C
Breaking like a robber who was making his way
G
To the cities of Mexico
G C/G
Lived in an apartment out on Avenue A
G
Had a tar on the corner of Tenth
G C
Had myself a lover who was finer than gold
G
But I been broke I?ve been busted up since

D G D G
Love don?t play any games with me
C
Anymore like she did before
D G D
World won?t wait so I better shake
C
That thing right out there through the door
D
Hell, I still love you New York

Bridge; | G G C/G C/G | C/G C/G G G | G G C/G C/G | C/G C/G G G |

G C/G
Found myself a picture that would fit in the folds

```
                                          G
Of my wallet and it stayed pretty good
G                                      C
 Still amazed I didn?t lose it out on  Lutheran Place
                                              G
When I was drunk and I was thinking of you
G                                     C/G
 Every day the children they were  singing the tunes
                                                   G
Out on the streets and you could hear from the side
G                                    C
 Used to take the subway out of  Houston and Third
                                            G
I would wait for you and not try to hide

D              G          D                    G
 Love won?t  play any  games with you
           C
Anymore  if you don?t want her to
D              G       D                      G
 World won?t  wait I  watched you shake
     C
But  honey I don?t blame you
          D
Hell, I still  love you New York

Bridge; | G G C/G C/G | C/G C/G G G | G G C/G C/G | C/G C/G G G |

G                            C/G
 I remember Christmas  in the blistering cold
                                        G
In a church on the Upper West Side
G                                      C
 Babe, you stood there singing I was  holding you arm
                                          G
You were holding my trust like a child
G                                  C/G
 Found a lot of trouble out on  Avenue B
                                        G
But I tried to keep the overhead low
G                                  C
 Farewell to the city and the  love of my life
                                     G
As we left before we had to go

D              G          D                    G
 Love won?t  play any  games with you
           C
Anymore  if you don?t want her to
D             G                D                G
 Sweep and  shake this old  thing out the  door
     C
I?ll  always be thinking of you
```

D
I?ll always love you though New York

Ending; | G G C/G C/G | C/G C/G G G | X4 to fade
(the last few G chords should be Gsus, played as 3X0013).

Thanks to the person who posted the original copy and I hope my modest
alterations help make this wonderful song sound even more enjoyable
to play.
