```

Am *G*
Let me go I'm only letting you down
C *F*
I 've got nothing to say to you now
Am *G*
I lose the feelings that are weighing me down
C *F*
When I'm safe
Am *G*
It's turning morning all the birds sing
C *F*
I'm not complicating anything
Am *G*
I'll have another then I'll go to bed
C *F*
But I'll dre - eam of you

Am
Cause it's almost over
G
And it's almost gone

C *F*
And I can feel the sweet illusion, coming
Am *G*
Sweet confusion, honey
C *F* *G*
Sweet illusion coming down
G *Dm*
And I ain't got nothing but love for you now

(Dm Am Dm Am Dm Am F C G : Intro part)

Am *G*
You and I used to shine like a jewel
C *F*
But times been nothing to us but cruel
Am *G*
So play it out and never play the fool
C *F*
Cause you looo - oose every time

Am *G*
We were nothing, we were only the past
C *F*
Hard times like that don't last
Am *G*
I've been forgiven, I've been surpassed
C *F*
By my hea - eart Have you?

Am
Cause it's almost over
G
And it's almost gone

C *F*
And I can feel the sweet illusion, coming
Am *G*
Sweet confusion, honey
C *F* *Am*
Sweet illusion coming down
G
And I ain't got nothing but love for you

Dm *F* *C* *G*
Love for you I can't use
Dm *F* *G*
And lonely nights multiplied by the blues
G
That I can't resolve
Am *G*
You never knew me but I did my best
C *F*
I'm just lonely inside I guess
Am *G*
You gave me everything you really tried
C
Thanks....

Am *G*
If we were nothing and we're only the past
C *F*
Then I'm just living in a dream I guess
Am *G* *C*
A long black dream that takes me down the river to you

(repeat chorus)
