```
      G
If I needed you, would you come to me?
                          C         D          G
Would you come to me and ease my pain?
G
If you needed me, I would come to you
                  C             D            G
I'd swim the seas for to ease your pain

G
Well, in the night forlorn, oh, the morning's born
                        C                   D         G

                      C            D          G
And that would break my heart in two
